

Donna Zajonc (Say-John)

Testimonials

Inspiring

"It's not an easy task to inspire at 7:30 in the morning, but Donna Zajonc did that and more. Donna entertained, enthused, and enlightened everybody with her insights on leadership, participation and the politics of hope.

We would recommend Donna to anyone who is interested in a dynamic speaker with a practical and optimistic message for renewed leadership. The League of California Cities will certainly consider asking Donna Zajonc back to speak at future conferences."

"When she spoke, the group did more than listen. They laughed, they interacted and many took notes."

Confident

From the heart

"Donna Zajonc has a natural and confident presence in front of an audience. If you are seeking someone with a message from the Heart, with passion and conviction in extra large helpings, this is the one! Engage Donna as your keynote speaker and put up your feet - she will make you look VERY good to your membership."

*Bob Linz, President
Investments Asset Manager*

"It is rare to find speakers who meet all the expectations of a meeting planner. Not only did you succeed in meeting the deadlines, your ability to work with the flow of the meeting space certainly made the planning process and delivery much smoother. It was indeed a pleasure to work with two individuals who are as organized and responsive as you. In addition, your presentation to the group was a huge success, due to your talent and your dedication to the program."

"Finally someone who got us out of our seats..."

Refreshing

Informative

"Donna Zajonc's talk was perfectly suited for our group of 150 locally elected officials. When she spoke, the group did more than listen. They laughed, they interacted and many took notes. There's no doubt those who attended will return to their respective communities with renewed energy and a fresh perspective as a direct result of Donna's message.

We especially appreciated how easy it was to work with Donna. She was very accessible prior to the conference and she did a great job of customizing the program to the needs of our group. Her flexibility was integral to the success of our event."
